

# FACULTY RESEARCH GRANTS 2005 COMPETITION

### The Faculty Grants Committee

announces that support will once again be available in fiscal year 2005-06 for Arts and Sciences faculty research projects in the humanities, social sciences, and natural sciences, including proposals of an inter-disciplinary nature.

The application deadline is **Monday, January 31, 2005**,

though the Committee would appreciate having applications as soon as possible.

Individual grants will be made in two categories:

**TYPE I. THIRD TERM RESEARCH STIPENDS of \$4,000** for research activities in lieu of teaching. The purpose of this type of grant is to enable faculty members to be free from teaching duties during the Third Term in order to work full time on research projects.

**TYPE II. RESEARCH EXPENSE GRANTS** in support of specific project expenses such as microfilming, research materials, travel to libraries and other sources of information and clerical assistance. Actual expenses from \$100 to \$3,500 will be considered. Full funding, even for successful proposals, cannot be guaranteed.

**Eligibility** is limited to tenure-stream or tenured Arts and Sciences faculty on the Oakland campus. Restrictions regarding eligibility for Type I and Type II funding are specified later in this announcement. Please read these carefully.

**Applications** for both types of grants must be received by either of the Committee Co-Chairs by Monday, January 31, 2005. **No late proposals will be accepted**. All applicants will receive confirmation that their application has been received. For Type II grants, no funds can be disbursed until July 1, 2005; however, the research projects of grant recipients may begin before that date. For Type I grants, stipends will be included with July 31, 2005 paychecks <u>unless</u> funds become available which may allow the stipends to be included in May and/or June salaries. Awards will be announced in the beginning of April. Unfortunately, this Committee cannot provide applicants with individual evaluations of proposals. **Application Format and Restrictions** are explained in the following paragraphs of this announcement. Further information can be obtained from the Committee Co-Chairs, Kay Brummond (412-624-1955/e-mail <u>kbrummon@pitt.edu</u>) and Renate Blumenfeld-Kosinski (412-624-6224/e-mail <u>renate@pitt.edu</u>).

## ELIGIBILITY AND APPLICATION PROCEDURE PLEASE FOLLOW THESE DIRECTIONS CAREFULLY!

# TYPE I. THIRD TERM RESEARCH STIPENDS OF \$4,000

To be eligible for a Type I stipend the applicant must not be employed during the Third Term in any way which makes it impossible to devote maximum time to research. Priority is given to faculty in the lower ranks and to those who have not previously received such a grant. Research projects for which funds are generally available from other sources will receive low priority.

**Application Format:** The application consists of four parts: (1) A cover sheet and current CV, including mention of all previous grants with amount and year; (2) an abstract summarizing the proposal in simple terms; (3) the proposal itself; and (4) a title sheet and self-addressed (campus) envelope. No application will be accepted unless it contains a current CV.

- <u>The cover sheet</u> should be appended to a current CV and include the following information in the order listed here: (A) name of applicant, (B) faculty rank, (C) department, (D) university mailing address and extension, (E) applications pending or funding expected for the same period or the same research, (F) type of grant (I or II), and (G) title of research project. Please indicate previous funding, both internal and external. Faculty members who have received an A&S grant within the last 5 years should also submit a brief (1 to 2 paragraph) statement describing the results of the project(s) funded.
- 2. <u>The abstract</u> (100-200 words) should summarize the proposal in simple terms.
- 3. <u>The proposal</u> should be written in such a manner that members of the Committee who are not experts in your field can understand your proposal. Technical jargon should be avoided. Applicants are encouraged to bear in mind that the evaluators represent a wide range of disciplines in the Humanities, Natural Sci-

ences, and Social Sciences. The proposal should contain: (A) a statement of the problem; (B) the objectives and expected significance of the research; (C) if applicable to your field, the relationship of the research to the present state of knowledge in the field (with appropriate bibliographic references), a description of your own related previous work or, for applicants in writing or the arts, representative samples of your work; and (D) methods or procedure (how you expect to reach the stated objectives) and, if applicable, a description of data collection techniques and analysis. The proposal itself should be limited to six double-spaced pages including bibliographic references. No offprints, photocopies, tapes or other examples of previous work should be enclosed. Proposals that do not follow this format will not be reviewed.

4. <u>The title sheet and self-addressed envelope</u> will be returned to the applicant to verify receipt of the proposal.

**Copies:** Twelve copies of the application should be sent to either of the Committee Co-Chairs, Kay Brummond (Department of Chemistry/803-B Chevron Science Center) or Renate Blumenfeld-Kosinski (Department of French and Italian Languages and Literatures/1328 Cathedral of Learning).

# TYPE I. RESTRICTIONS

Faculty members who have contractual obligations, including cash advanced for writing, or those engaged in traditionally compensated Third Term teaching or administrative assignments, or with other University or sponsored research summer salary support, are not eligible for these grants.

Grants are not given for projects known to be lucrative commercial ventures, dissertation research or curriculum development.

#### TYPE II. RESEARCH EXPENSE GRANTS

Type II grants are given to cover specific research project expenses for which other sources of funding are not available. Priority is given to faculty in the lower ranks and to new research projects; however, well-justified expenses for successful projects in the later stages of development are also considered.

**Application Format:** The application format for a Type II grant is the same as for a Type I grant, with the addition of a detailed budget.

**The Budget:** On a separate page, the project expenses should be itemized and justified in reasonable detail. Travel expenses should be explained in detail; transportation costs will be limited to tourist class airfare. Applicants should submit the most recent airfare quotes from one of the University-designated travel agencies.

**Copies:** Twelve copies of the application should be sent to either of the Committee Co-Chairs, Kay Brummond (Department of Chemistry/803-B Chevron Science Center) or Renate Blumenfeld-Kosinski (Department of French and Italian Languages and Literatures/1328 Cathedral of Learning).

### **TYPE II. RESTRICTIONS**

Type II grants are not given for:

- travel for the purpose of attending conferences or symposia
- projects known to be lucrative commercial ventures
- dissertation research
- curriculum development
- travel for purposes of research that is otherwise funded
- materials or equipment which can be borrowed or are readily available locally
- typing of manuscripts

Library materials acquired under a grant are to be deposited in the University library when they are no longer needed for the project.

The University of Pittsburgh, as an educational institution and as an employer, values equality of opportunity, human dignity, and racial/ethnic and cultural diversity. Accordingly, the University prohibits and will not engage in discrimination or harassment on the basis of race, color, religion, national origin, ancestry, sex, age, marital status, familial status, sexual orientation, disability, or status as a disabled veteran or a veteran of the Vietnam era. Further, the University will continue to take affirmative steps to support and advance these values consistent with the University's mission. This policy applies to admissions, employment, and access to and treatment in University programs and activities. This is a commitment made by the University and is in accordance with federal, state, and/or local laws and regulations.

For information on University equal opportunity and affirmative action programs and complaint/grievance procedures, please contact: William A. Savage, Assistant to the Chancellor and Director of Affirmative Action (and Title IX and 504 Coordinator); Office of Affirmative Action; 901 William Pitt Union; University of Pittsburgh; Pittsburgh, PA 15260; 412.648.7860.
